## Hayes Turns in Toyota 200 Victory Number Two

Mississippian Josh Hayes, racing for Attack Kawasaki, accepted his second straight \$50,000 paycheck from Willow Springs Raceway on October 17th after winning the grueling Toyota 200 challenge in a pitched battle with Vincent Haskovec, last year's 2nd place finisher.

Haskovec maintained the lead in early running and was constantly trading places with Hayes throughout the first half of the race. By lap 20, the two leaders were 20 seconds ahead of the pack yet were within a few thousandths of a second of each other.

After a quick pit stop, Josh began to pull away from Vincent and soon widened his gap to better than 3 seconds. Haskovec then made a costly tactical error. Perhaps hoping to regain precious seconds by holding off on a pit stop to the last possible moment, the Lake Elsinore racer found himself with an empty tank on turn eight and had to coast into the pits to refuel.

According to sources at Roadracing World, sponsors behind the Haskovec effort, the rider and his crew had been unable to check fuel consumption on the bike since they had spent Saturday night rebuilding the bike after a crash. When Haskovec returned to the race, he found himself in 8th place.

With three-quarters (60 laps) of the race complete, Hayes had managed to lap the entire field. Meanwhile Haskovec, with a full tank of gas and fresh tires managed to battle his way back into fifth place.

In a blowout finish, Hayes powered past the start/finish line over one minute and twenty seconds ahead of his closest competitor. Hayes accepted his \$50,000 with his typical Southern enthusiasm. "Yee-haw" proclaimed the affable rider.

Second place finisher Michael Barnes received \$30,000 for his efforts while third place winner Ben Attard walked away \$10,000 richer. Rounding out the top ten finishers were Jack Pfeifer in fourth place, Haskovec fifth, Jason Perez earned sixth place, while Jeff Stern finished seventh. Dale Kieffer was eighth to cross the finish line. Scott Jensen and Marte Cooksey finished ninth and tenth respectively.

## Oliver Repeats Roadracing World 250/50 Win

Repeating his success of 2003, Auberry based Rich Oliver (WSMC#97) and his Mystery School Yamaha ran away with the 2004 Roadracing 250/50 and a first prize of \$3,500. Coming in second place was Los Angelino Michael Montoya (#481) with a \$3,000 paycheck. Santee resident Mark Watts' (#7) third place finish earned him a \$2,500, while fourth place finisher Nobi Iso of Portland received \$2,200. Ed Marchini of Placerville finished 5<sup>th</sup> while Ralph Starpoli of Costa Mesa finished 6<sup>th</sup>. They earned \$2,100 and \$2,000 respectively. As of press time, final placement of riders below 6<sup>th</sup> place were still under review and not yet official.

## Racer Reminders

### Hot Pit Reminder

The only people authorized to be in the hot pit lane are licensed riders and mechanics and track/event officials. Please do not enter the hot pit lane (the area north of the gold wall) unless you belong there. Always keep hot pit entry and exit areas clear. Thanks.

### Show Your License At Registration

Riders are reminded that you MUST show your license when you check in each day. We will not issue tech slips to anyone who does not possess a valid WSMC license. If you have yet to pick up your 2004 photo license, visit the photo office upstairs BEFORE you attempt to check in for practice or racing.

### Sponsors, Hometowns & Pronunciation

Want to make sure you enjoy your 15 seconds of fame when we announce your name or publish your great finish? Then make sure we have accurate and current information in the WSMC office. If you have an unusual name, please provide us with hints on how to properly pronounce it. All information must be received by the WSMCE office no later than 8am on Race Day, so we can incorporate it into everything we put out – announcer sheets, race results, PR, etc. Changes will only be accepted from licensed WSMC racers.

### Race Results

Please take the time to check race results before you leave the track to verify that you were scored properly in your event. Note that any protests must be filed within 30 minutes of the race finish. Only clerical or scoring errors will be corrected after results become official. WSMC reserves the right to reclassify riders, revise race results and retroactively award points and awards should any error be found in the originally posted event results.

If you are among the top three finishers in a race, please pick up your award(s) before you leave the track. They will only be held at the WSMC office for 60 days.

### Advanced Racers Clinic Returns

The Advanced Racer's Clinic returns to the schedule in November. Don't miss this unique opportunity to learn from the pros and improve your riding skills. Held the Friday of Race Weekends, this program helps you take your riding skills to the next level. Enrollment is strictly limited to 15 racers, so sign-up soon to assure your place in this popular program. Forms are available online.

### Look for Membership Renewal Packets in November News

It's that time of year again, so take a minute to review your mailing label and make sure we have the proper information on your current license category in our computer so we are sure to send you the right information. Your 2004 number and license category should be shown in the upper right corner of the label. Also please double check that we have your current address and everything is spelled correctly. If you have any corrections, call the WSMC office or let us know at the November event. Thanks.

Don't miss this chance to get tips from one of racing's foremost experts in the field.

## From The Track Office

### Kids and The Pits

Parents and hosts of children under 16 are reminded that the pit and paddock areas can be a hazardous place. Please always keep your kids under immediate supervision anywhere in the pits. In "Pit Row", that area between the WSMC office and Hartman Garages and just south of the gold wall is particularly hazardous due to race bikes entering and exiting the track. For this reason, no person under sixteen may ride anything in the "Pit Row" area. Please instruct children to walk, push or carry their bikes, skateboards and/or scooters through this area. Kids who repeatedly ignore this rule, will have their vehicles impounded. Parents may pick up the impounded vehicle at the track office after the event.

Also remember that appropriate safety gear should always be worn when riding elsewhere on WSIR property.

Your cooperation in seeing that these rules are observed is greatly appreciated.

## Top Rookie Expert Program

The Top Rookie Expert (TRE) competition tallies the success of riders who have moved up from Novice to Expert during the current season. TRE points are based on Overall Expert Points earned from April through December. This allows new Novice racers completing their upgrade requirements in the first quarter, to compete head-to-head with Novices carrying over from a prior season. Novices who move up to Expert after April will be tallied from the first month they earn Expert points. Novice upgrade points are not counted. TRE awards are presented to the top three point holders at the end of the season.
